### The Determined Ones

In accordance with the Executive council resolution No (2) of 2017 regulating private schools in the Emirate of Dubai Article 4(14) we have established the conditions, rules and standards that are required to facilitate the enrollment and integration of students with special needs in our school. We treat our students equitably and do not discriminate against them on grounds of nationality, race, religion, social class or special educational needs.

We welcome and embrace all students irrespective of their needs and abilities. The admission process involves a quick screening of the student to determine the child's development and proficiency as per the respective age and grade. In case the Admission Officer notices any delay or difficulty, the Head of Inclusion( HOI) is contacted for further observation. The HOI conducts a detailed observation of the child on all areas of growth and development and discusses the same with the parent. The parents are encouraged to take certain measures to support the child in developing the required skills to help him or her adapt positively and successfully to the learning environment. In case the child is already diagnosed with any special need, he or she further gets registered under the school's SEND provisions.

We at KGS, believe that every child is unique and aim to provide equitable access to all students to our broad and balanced curriculum and all aspects of school life. We provide a conducive and positive learning environment where all children feel safe, valued and flourish to be the best that they can be.

### Notes

- Siblings of the Determined Ones will be given preference. Siblings include half brothers and sisters and stepbrothers and sisters who share the same home. It also includes adopted and foster brothers and sisters who share the same home.
- Where the school becomes oversubscribed within a single criterion, places will be offered to children who are the determined ones. If oversubscription still exists, lots will be drawn. The process will be overseen by a person independent of the process.
- The home address is the address where the child resides. Where a child spends time with both parents in separate homes and both have parental responsibility, the school will need to establish where the majority of school nights (Sunday to Thursday) are spent and treat that as the home address.
- Multiple births – if only one place is available at the school and the next child who qualifies for a place is one of multiple birth siblings, we will go over our published admission number to support the family when possible to do so.

### Operation of waiting lists:

- Where in any year, the school receives more applications for places than there are places available, a waiting list will operate.
- This waiting list will be maintained by the school and it will be open to any parent to ask for his or her child's name to be placed on the waiting list, following an unsuccessful application.
- Children's position on the waiting list will be determined solely in accordance with the oversubscription criteria set out above.
- Where places become vacant they will be allocated to children on the waiting list in accordance with the oversubscription criteria.
- Parents may keep their child's name on the waiting list for as long as they wish.  
However, their position on the list may alter depending on additional applicants.
