Dear Parents,

We are pleased to announce that GEMS Education will be participating in the forthcoming World Education Summit from 22<sup>nd</sup> March to 25<sup>th</sup> March, 2021 – a unique opportunity for high quality professional development for millions of educators around the world.

The summit will incorporate high impact leadership stories and sharing of pedagogical strategies that have brought about paradigm shifts in learning impacting leaders, teachers and students positively. The key note speakers in the summit include world renowned experts in educational research such as John Hattie, Dylan William, Sugata Mitra, Carol Ann Tomilson and many others.

The Kindergarten Starters has been selected as one of the four GEMS schools representing GEMS Education for two professional development presentations in the World Education Summit:

1. Inspirational Leaders – Mrs. Asha Alexander, Principal and Executive Leader Climate Change, GEMS Education, will be sharing the Brave Leaders' Story of leading change and innovation at The Kindergarten Starters.
2. Cool Schools- The Principal and the Senior Leadership Team from The Kindergarten Starters will be sharing a visual story with the spotlight on Sustainability followed by a panel discussion with the educators in the world.

The three other GEMS schools who have been selected to present their learning journeys at the World Education Summit are - Dubai American Academy, GEMS First Point School and GEMS International School, Al Khail.

We are very proud of being selected as presenters representing GEMS Education at this World Education Summit and thank our students, teachers and parents for their unstinted belief and trust in the learning approaches of the school which has made this global recognition possible on the world stage.

We look forward to seeing the impact this has across all of our schools, with professional development access of more than a 100 hours for 365 days after the event!
