

**THE KINDERGARTEN STARTERS - DUBAI  
CIRCULAR**

**KGS / C/ 368-21**

**28/02/2021**

Dear Parents,

We are celebrating the International Day of Forests on 21<sup>st</sup> March, as we believe that Tree planting is the most brilliant way to help the environment. The theme for 2021 is 'Forest restoration: a path to recovery and well-being'. We want all our children and others around the world to act and support this cause.

In continuing our pledge to plant 15,000 trees each year through #PAL Plant A Legacy Project, we are requesting each one of you to plant at least three trees **by March 21st**.

**Tree 1-** Have your child plant one tree.

**Tree 2-** One tree can be planted by the parents/siblings.

**Tree 3-** One tree can be planted by any one you know in any part of the world.

**The requirements for the tree plantation are as follows:**

**Step 1-** Plant three tree saplings in the earth anywhere in the world (not a potted plant).

**Step 2-** Take a picture of the person who planted the tree holding a placard which says #PAL-PLANT A LEGACY.

**Step 3-** Upload all the three photographs in the [link](#) and mention the location they are planted in.

**Step 4-** Make sure someone cares for the plant that has been planted.

I am sure with your support we will cross the 15,000-tree planting target!

Warm regards,

**Asha Alexander
