Parent Correspondence about Career buzz

Dear Parent,

Greetings and Wishes from GLS!

At GLS, we are dedicated towards building skills and competencies in our students to empower them to be successful, independent, and contributing global citizens. To achieve this, we provide unique, innovative and diverse learning opportunities to ensure students are equipped with 21st century skills.

The diversification and expansion of the education system has given rise to new jobs, new skills, and new opportunities that have made career choice more complex and challenging. To make the process of career planning and selection simple, comprehensive and realistic, we are here to guide and help our students as they explore the known and unknown pathways.

With this, we are happy to announce our new initiative for our Grade 6 students:

CareerBuzz has been planned with an intention to help our students develop an understanding about the individual competencies, nature of job, educational requirements, specific skill-sets etc. needed to succeed in that role. Through CareerBuzz we will have our students listen and interact with the professionals from different fields on a virtual platform. These interactions will take place on alternate Tuesdays after school hours.

The CareerBuzz sessions will commence from Tuesday, 7th of September. The first session will orient the students on the importance of getting started early and encouraging them to acquire the knowledge, skills and experience necessary for a better future.

Kindly find the details of the session below:

When: Tuesday, September 7, 2021 03:00 PM Dubai

Topic: CareerBuzz Orientation Session

Link to join the webinar: <https://gemseducation.zoom.us/j/88567310791>

We hope that this new initiative will help our students make informed career decisions and selection that will promise a bright and successful future ahead.

Warm regards,

Asha Alexander
