Sub : Extension of Remote Learning

Dear Parent,

This is to inform you that we are further extending the 100% remote learning for yet another week from 3rd Feb to 9th Feb, 2021, with KHDA approval. This will allow enough time for the affected members to fully recuperate and a wider time frame for all our staff to get vaccinated as they return to face-to-face learning on the 10th of February, in the larger interest of the safety of the entire learning community.

Please be rest assured that we are following all the safety protocols in line with the requirements of DHA and KHDA. We will be more than happy to welcome our students back on campus on the 10th of February. Until then e-learning will continue for all our students with all its rigour to ensure that the joy of learning continues unabated.

Thanking you for your whole-hearted support and co-operation in keeping the KGS learning community safe and vibrant!

Warm regards,

Asha Alexander
Principal
Executive Leader- Climate Change, GEMS Education
