

GEMS LEGACY SCHOOL - DUBAI

GLS/C/421-21

CIRCULAR

10th August 2021

Dear Parent,

As always, we are looking forward to welcoming our students after the summer break for face-to-face learning from 29th August 2021 for all Grades from KGI to Grade 6, in a phased manner. We will be implementing the face-to-face and blended learning model with students attending face-to-face, keeping in line with the social distancing in every classroom. Every student will attend face-to-face lessons as per the social distance specified by the ministry and will be engaged in remote learning during the other days. Please note that 99% of our staff have already taken two doses of the vaccination and are fully equipped to take care of our students. Please be assured that all the health & safety protocols will be adhered to in line with DHA and KHDA.

As we prepare to welcome our students, we would like to know how many of you would choose face-to-face and blended learning and 100% remote learning for the next four months from August to December 2021, subject to KHDA directives. The timetable and the specific days when your child needs to attend face to face will be sent closer to the school reopening based on the options you choose for your child / children.

Please note that the directives from KHDA will be upheld if there is any change in the mode of learning and the choices offered in the current scenario.

We request you to please take 5 minutes of your time to confirm your preference by clicking on the survey link appended below:

[Parent Survey Link](#)

It is absolutely essential that you ascertain your preferred mode of learning on or before the **17th of August 2021**, so that we are able to plan the safety and seating arrangements in line with the health and safety and social distancing protocols as we reopen on 29th August 2021.

Looking forward to your valuable responses so that together we can make the best learning provisions for all our students. Thank you for your time & support as always.

Warm regards,

Asha Alexander
Principal
