RETURN TO ON-CAMPUS LEARNING UPDATE

Dear Parents,

Following the recent announcement by the Ministry of Education (MOE) and KHDA, the school is preparing for a **phased return to on-campus learning**, subject to inspection and approvals by KHDA.

Please note that till such approval is sought all lessons will continue online as per the existing timetable. Please encourage your child to attend and participate in all online sessions and complete the tasks assigned.

In preparation for face-to-face learning, a comprehensive **staff training has commenced** in line with MOE and KHDA guidelines and will continue over the next few days, including first aid, evacuation and emergency procedures, alert response protocols and safe-zone procedures.

Thank you for your cooperation and continued support. The safety, wellbeing, and continued learning of our students remain our highest priority. We look forward to welcoming students back in a safe and well-organized manner.

Warm regards,

Asha Alexander أشا ألكسندر
