DHA IMMUNIZATION PROGRAMME – IMPORTANT PARENT ADVISORY.

Dear Parents,

In accordance with the updated Immunization Programme recommended by the Dubai Health Authority, parents of Grade 1 are hereby informed that the following vaccines are required to be administered to children up to the age of 5 years. These vaccinations are essential for ensuring your child's good health.

Required Vaccinations:

1. **DTaP – IPV or DTaP – OPV (2nd Booster Dose)**
 - DTaP: Diphtheria, Acellular Pertussis, Tetanus
 - IPV: Injectable Polio Vaccine
 - OPV: Oral Polio Vaccine
2. **Varicella (Chickenpox) – 2 doses**
3. **MMR (Measles, Mumps, Rubella) – 2 doses**
4. **Meningococcal Vaccine – 1 dose**

Important Instructions for Parents:

- If the above vaccines have not yet been administered and you wish to vaccinate your child at your convenience, kindly visit your nearest Primary Health Care Centre or consult your family physician/paediatrician for their administration.
- Parents who wish to avail vaccination services at the school clinic are requested to submit the original vaccination card to the clinic.
- Submission of an updated copy of the child's vaccination card to the school clinic is mandatory.

For any further clarification, please contact the school at **04 282 4090** (Clinic Extensions: Boys – 122, Girls – 124).

Warm regards,
