RESUMPTION OF 100 % FACE-TO-FACE LEARNING

Dear Parents,

We sincerely thank you for your continued support and cooperation throughout the transition from hybrid learning to full face-to-face learning starting **Monday, 4th May 2026**.

We are delighted to share that almost **94% of our students have already resumed on campus learning**, which strongly reflects the immense trust you have reposed in us. As we progress to full face to face learning from Monday, 4th May 2026 , we encourage the remaining students to return to school and actively participate in regular classroom learning alongside their peers.

Please note that with the full resumption of in-person learning, synchronous learning (live online learning) will no longer be available from 4th May 2026. However, please note that relevant study materials and learning resources will continue to be uploaded on Teams to support student learning.

The school continues to uphold **strict safety and hygiene protocols**, ensuring a secure and healthy environment for all students and staff. Several **Shelter in Place Drills** have been conducted in the last two weeks and will be continued in the forthcoming weeks to ensure that all students who are returning are aware of the **Shelter Zones and Protocols**. The **well-being of our entire school community remains our foremost priority**, and we remain committed to complying with all prescribed guidelines and standards.

We look forward to welcoming the remaining students on campus from 4th May 2026 onwards. We extend our sincere gratitude to all parents for your trust, continued support.

Warm regards,

Asha Alexander أشا ألكسندر
