KG FIELD TRIP – BOUNCE X

Dear Parents,

We are pleased to inform you that our Kindergarten students will be going on a fun-filled trip to **BOUNCE X**. This trip has been planned to provide students with a unique opportunity to develop their gross motor skills, build confidence, and enjoy a memorable learning experience outside the classroom.

BOUNCE X offers children a safe, engaging, and highly active environment. The experience combines trampolines, adventure challenges, and obstacle courses that promote agility, balance, and social interaction while keeping children actively engaged.

THE BOUNCE-ED ADVANTAGE

Bounce-Ed trips are seamlessly woven into the school timetable, and cross-curricular learning objectives are deeply embedded within the curriculum. As a sports facility, Bounce-Ed functions as an external laboratory for students, supporting both their physical and mental development. It harnesses the benefits of trampolining to deliver a unique challenge and adventure experience.

BOUNCE trainers work with our teachers to create unique programmes and experiences that develop coordination and confidence across diverse age groups and skill levels. The focus is on maximising both individual and group participation, regardless of ability, and programmes are delivered in an environment that is as inclusive and encouraging as it is exciting and inspiring.

Through trampolining, students can build both mental and physical stamina while experiencing first-hand the principles behind Newton's Laws of Motion and deepening their understanding of gravity.

Trip Participation Guidelines

- Please ensure payment of **AED 150** is made on or before **14 September 2026**. Please note that the payment is non-refundable.
