SALE OF APPRECIATION JOURNAL

Dear Parents,

At GLS, we place great importance in the holistic development of our students. Along with ensuring academic progress, we have enriched our curriculum by including value-based lessons where students explore and practice values like honesty, kindness, integrity and utilize opportunities to express their views. They are encouraged to create a culture of gratitude, empathy, be thankful for what they have and appreciate the world around them.

Aligned to the PERMA-H model, we prioritize the wellbeing of our students. Hence, we would like to kindle their thoughts/feelings and scaffold them to develop the right attitudes for positive mental health. In order to embed self-belief and positivity in students, it is imperative that they reflect and connect to the potential they have to achieve their goals.

For the students of KG2, Gr1 and Gr2, we are introducing the 'You can do it: 30 - day Appreciation Journal and Diary' to record their day to day activities, introspect and recognize the power of positive thinking, gratitude and appreciation. **This mindfully designed journal will be available for purchase for AED 15/- only.** The class teachers will further guide the students about the usage of this journal and encourage meaningful, thoughtful conversations.

You can make the online payment for this journal on or before 1/05/2021 by following the steps below.

Students who have opted for face to face learning, will receive their journals in class after the payment receipt has been shared with the teacher.

Students who have opted for remote learning, can collect the journal from the school campus on providing the payment receipt. The date for distribution of the journals will be communicated in the 1st week of May'21.

All students will receive certificates on the completion of the journal towards the end of the year.

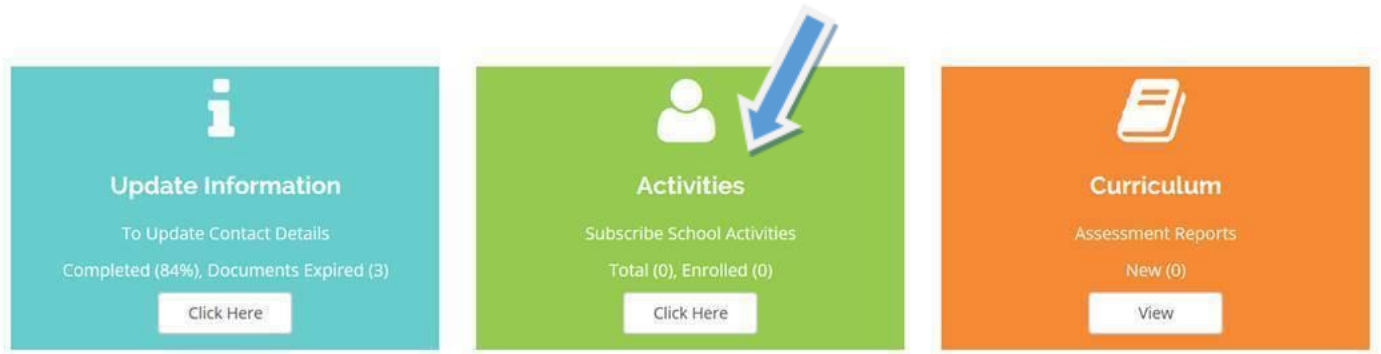

We urge you to make the most of this wonderful opportunity and witness how our young learners take small steps to bring about big positive changes in their life.
