CIRCULAR
CONS OF VAPING

21 May 2025

Dear Parents,

Given the increasing exposure to and use of vapes among students, we would like to take this opportunity to reinforce our stance as a school and as part of the GEMS Education community: **we strongly discourage and do not tolerate vaping in any form.**

Please be reminded that **vaping is a punishable offence under UAE law**, even for minors. As a school, we are committed to ensuring a safe, healthy, and responsible learning environment for all our students. We request your continued support in educating your child about the risks and legal consequences associated with vaping.

Please find attached the information on Cons of Vaping.

Warm regards,
