Expedition - Sharjah Aquarium - Grade 2

Dear Parents,

As we commemorate **EARTH DAY**, we are excited to announce a learning expedition for our young Grade 2 learners to the Sharjah Aquarium from 3rd May onwards.

This trip is an excellent opportunity for students to explore the marine world and learn about the diverse range of aquatic life that exists. They will also learn about the current issues affecting our oceans and marine life. Through the interactive displays and exhibits that showcase the unique features and habitats of different sea creatures, students will learn and reflect on their experiences once they return to school. We believe that this expedition will not only be a fun experience but will also enhance students' knowledge and appreciation of the natural world.

Please note that students who wish to join the expedition are required to make a payment of **AED 20/-** on or before **1st May 2023**. Please [click here](#) for the steps to register and pay for the expedition. A healthy snack will be provided by the school.

Please send the following with your child on the day of the trip.

- Water bottle, dry snacks, and books for the last two periods as per the class timetable.
- Students must wear their regular school uniform, bus card, and a cap.

The class teacher will be sharing more details about the trip closer to the date.

We look forward to a large number of students joining us for this fun and educational expedition.

Thank you for your support and cooperation.

Warm regards,

Asha Alexander
