Expedition to 'WO-HOO! Children's Edutainment Museum' – Grade 3

Dear parent,

As we continue our celebrations of Earth Day and commemorate 'World Oceans Day', we are thrilled to announce a captivating and educational expedition to 'WO-HOO' for our **Grade 3** students on **June 13th and 14th, 2023**. 'WO-HOO' is a children's edutainment museum located at Al Quoz. During this expedition, our students will have the opportunity to explore the museum's indoor learning stations in smaller groups, guided by a WO-HOO representative. They will engage in hands-on experiences related to various subjects they have been studying, such as science, math, music, art, technology, and more!

But that's not all! We have arranged an exclusive 30-minute workshop session, where the students will participate in a hands-on activity based on 'World Oceans Day'. This workshop will further enhance their understanding and appreciation of our oceans.

This is indeed a one-of-a-kind trip, and we highly encourage all Grade 3 students to take full advantage of this opportunity. Please be informed that students who wish to join the field trip must make a payment of **AED 85/-** on or before **June 11th, 2023**. Please [click here](#) for the steps to register and pay for the trip.

On the day of the trip, we kindly request that you ensure your child brings the following items:

- A water bottle to stay hydrated, nutritious snacks and a rough note book.
- Students must wear their regular uniform and carry their school id cards with them.
- As one of the indoor learning stations involves water-based activities, students are requested to bring an extra set of clothes.

The class teacher would share more detailed information about the trip as the date approaches.

We are excitedly anticipating a large number of students joining us for this exciting and educational expedition.

Thank you for your support and cooperation!

Warm regards,

Asha Alexander
