Field Trip - Dubai Crocodile Park - Grade 1

Dear Parents,

Here is another excellent opportunity for our first graders to learn beyond the four walls of the classroom! We are thrilled to announce an exciting field trip to the Dubai Crocodile Park. This trip promises to be an engaging and educational experience that will allow our young learners to explore the fascinating world of crocodiles.

The field trip will commence from 26th September 2023 onwards. The visit to the venue will be guided by a trained Educator who will share educational insights about the park and make this expeditionary learning memorable. The programs taught at Dubai Crocodile Park Field Trip cover the following topics:

- Nile Crocodile Natural History
 - Origins of Crocodiles
 - Environmental adaptations
 - Anatomy
 - Reproduction
- Crocodiles in Mythology
 - Stories that tie the existence of Crocodiles to African cultures
 - Other references of Crocodiles in literature
- Conservation
 - Environmental role of Crocodiles in their natural environment
 - Crocodiles under human care

Kindly note that students who wish to join the field trip must make a payment of AED 70/- by the 24th of September. Please note that the paying portal will close on 24th September, 9:00 pm. No other mode of payment will be entertained after the specified date.

Please [click here](#) for the steps for the payment pathway.

Kindly send the following with your child on the day of the trip.

- Water bottle
- An extra tiffin of dry snacks.

Since it is more of an outdoor activity, the students are expected to wear PE uniform, PE shoes, ID card, and a cap. The class teacher will share the exact date and further details. The school timings will remain the same.

We look forward to our students making the most of this opportunity.

Warm regards,

Asha Alexander
