CIRCULAR

24<sup>th</sup> November 2023

Collection drive

---

Dear parents,

We are excited to announce a creative and environmentally conscious initiative that your child can contribute to. As part of our commitment to fostering creativity and promoting a greener planet, we are embarking on a project to create a tree sculpture using recycled plastic bottles.

Your child can contribute to the Tree creation by handing over **transparent green plastic Sprite bottles or any other similar transparent green plastic bottles** to their class teacher from **27<sup>th</sup> November 2023** to **30<sup>th</sup> November 2023**. Encourage your children to collect empty, clean, and undamaged bottles. Ensure the bottles are rinsed thoroughly and free from any residues.

These projects provide a wonderful opportunity for our students to actively engage in creative activities while learning about the importance of recycling and environmental stewardship. By contributing to these initiatives, your child becomes an integral part of our commitment to a greener and more sustainable future.

Thank you for your support and cooperation.

Warm regards,

Asha Alexander
