CIRCULAR  
KG Reggio Inspired Exhibition

1<sup>st</sup> February 2024

Dear Parents,

We are excited to announce our upcoming KG Reggio inspired exhibition. The theme '**From Tiny Garden Glows To Mighty Roars**' takes us into the captivating world of minibeasts like butterflies and bees, where the delicate beauty of a tiny garden comes alive. Simultaneously, it invites us to venture into the grandeur of the animal kingdom, where the mighty roars of big cat's echo through the wilderness. This theme is a celebration of the diverse and interconnected wonders of nature, encouraging exploration and appreciation for both the delicate and the powerful in our natural world. This exhibition is aligned with **Sustainable Development Goal #15 – Life on Land**, aiming to instill a deep appreciation for our planets' diverse ecosystem.

The Reggio Emilia approach to early childhood education encourages our young learners to express themselves in countless ways. Our students have enthusiastically delved into the enquiry and exploration of the themes '**Majestic Felines**' and '**Garden Glow**', in their lessons, guided by provocations and situational experiences, leading to a vibrant display of their creative outcomes.

Here are the details for the exhibition:
