The 'Right to Read' event promises to be an enriching and enjoyable experience for students from Grade 1 to Grade 8. It provides a platform for them to engage with literature, express their creativity, and interact with renowned authors. The event is an extension of the Achieve Challenge which is happening between 8th and 14th March 2024. It's a fantastic week dedicated to advancing the reading skills and fostering a love for literature through engaging e-resources tailored to each student's Lexile level.

Primary School (Grade 1 -5): The LightSail challenge aims to complete whole books to be certified among the top 10 readers celebrated on the 15th of March.

Middle School (Grade 6-8): The Achieve 3000 reading challenge that aims on completing the most 5-Step Lessons. Certificates will go to the top 3 students, the top-performing class, and the top-performing teacher for their exceptional dedication to reading.

We encourage parents to support their children's participation in the event by helping them choose books, essays and articles as well as in creating costumes for the dress-up activity. Your involvement and enthusiasm will immensely contribute to making this event a memorable educational experience for all. Together, let us celebrate the joy of reading and ignite a passion for literature in our young learners.

Thank you for your continued support.
