**CIRCULAR**  
**Recycling used notebooks**

13<sup>th</sup> March 2024

Dear parents,

Approaching the conclusion of yet another successful academic year at GEMS Legacy School, we have the opportunity to unite in building a more sustainable and environmentally conscious community.

Traditionally, as the academic year concludes, we discard our children's used notebooks, unwittingly contributing to environmental waste. In an effort to address this, we are initiating a special campaign to collect used notebooks for recycling, in collaboration with '**Dulsco**,' a prominent waste management and recycling company in the UAE, to ensure responsible and eco-friendly disposal. Your child could hand over the books to the respective class teacher or you can drop off the books at Gate 1 & 3 at the Primary Campus and Gate 7 at the Secondary campus from **14<sup>th</sup> March** to **22<sup>nd</sup> March 2024**.

We believe that this campaign provides an excellent opportunity for our school community to actively contribute to a more sustainable future. This will help reduce waste, conserve resources, and demonstrate our commitment to environmental stewardship.

Let's work together to build a greener and more environmentally conscious legacy for our school.

Thank you for your commitment to sustainability.

Warm regards,

**Asha Alexander**

**Principal**

**Executive Leader - Climate Change**
